CONTINUING EDUCATION

Over the past 35+ years, I've developed and taught dozens of credit-generating and professional development live and distance learning-based workshops and courses in conjunction with grants and projects.

MENTORING

Over the past 35+ years, I've supervised numerous student teachers, interns, special projects, master's thesis (1986-1994), and doctoral dissertations (1988-1994).

TEACHING ADMINISTRATION AND CURRICULUM DEVELOPMENT

Over the past 35+ years, I've developed over 50 undergraduate and graduate level courses. A majority of the courses listed above were created with only a course description to start. I've submitted over a dozen new courses for inclusion in the curriculum. In addition, I've assisted adjunct faculty with course development such as S525 Government Documents and S571 Materials for Youth. I've developed over twenty, fully online courses at IUPUI since 2003.

GRANTS/FELLOWSHIPS IN TEACHING

COMPLETED TEACHING GRANTS/FELLOWSHIPS

Education's Preparing Tomorrow's Teachers to Use Technology (PT3) DOE consultant 1999-2006
 Projects: U of Northern Iowa, University of Findlay, UNC-Wilmington, Metro State University, U of Toledo

Teachers and Technology Grants Projects: Old Man River Project, Norfolk TAC Teachers, Evansville ICATS, Jordan T4	DOE	consultant	2002-2005
Technology Innovation Challenge Grants Over a dozen including Project Whistlestop, Village Green, and Blazing Learning Trails	DOE	consultant	1995-2000

In the 1980s-1990s, I participated in numerous state level grant projects including Eisenhower Math/ Science grants, Lily grants, Technology Planning grants, High Tech High Schools, and High Tech Libraries. In many cases, I was involved in conducting professional development workshops and assisting in curriculum development.

INVITED PRESENTATIONS

Over the past 35+ years, I have presented over two thousand sessions at local, state, national, and international conferences including a pre-conference keynote at the Internet World Conference in Manila, Philippines. I have been a regular speaker at the following national/international conferences: International Society for Technology in Education and the Association for Educational Communications and Technology Conference. I have also spoken at content area state and national conferences such as the American Association of School Librarians, American Library Association Conference, National

Science Teachers Association's Conference, and a number of reading conferences. A list past topics and descriptions is available at <http://eduscapes.com/llg>

I have spoken in every state except Alaska and most of the Canadian provinces. Topics include technology integration, library management, and information inquiry. I have conducted many local school district and regional education office keynotes, presentations, and workshops. In addition, I have worked with libraries, educators, school boards, and parents. I have also spoken to K-12 students on topics related to technology and reading.

I was identified as one of the "best of the best" speakers from the National Educational Computing Conference each year since the program began in 2003 through 2010.

SERVICE

UNIVERSITY SERVICE

While at UT and USI, I served on many university level committees including Graduate Council, Distance Learning Committee, University Foundation Board, Computer Services Committee, Tenure and Promotion Committee (chair), search committees, and task forces.

While at IUPUI, I serve as a liaison to the department curriculum committee and participate in regular department level activities.

PROFESSIONAL SERVICE

Over the past 35+ years, I've worked with school administrators, librarians, teachers, students, parents, and community members at the local, regional, national, and international levels. I've served on many advisory boards such as the Dakota Digital Network Project and FIPSE Learning Anywhere Anytime Advisory Board.
